Coffee Weekend

April **27**—**28**—**29**

Eleven of us merry old souls met & learned about CARA, The Central Albany Revitalization Area. Economic Development Manager Seth Sherry gave us the lowdown on the program which will eventually eliminate itself. The original plan was for about 2025. It may still make that date but possibly a bit later. Take a look at Albany, especially the downtown, and you will see a great deal of revitalization. It looks good, even the lights that hang over the streets (?). New pavement is next.
